m/I

DATE: 21 February 1957

FROM :

AD/MR

SUBJECT:

Geographic Report on Soviet Antarctic Plans

- 1. I am sure you will be interested in the attached report on Soviet plans to remain is the Antarctic. It was initiated at the request of OME in fulfillment of a requirement levied by the Department of State in connection with its review of U.S. Antarctic policy.
- 2. It is my understanding that State initially desired an NIE on this subject, but that ONE felt that a report of this nature would expedite the answering of the request and would be more appropriate than consideration of an NIE.
- 3. Ten copies of this report are being made available to OME, of which we are told several will be forwarded to State. We will make no further distribution of the report without approval of OME after it has been reviewed by them. The basic report has been coordinated at the working level with OMI and CIA/OSI.
